ACHIEVEMENTS

Golden Dot Awards 2022 Nominee

Created a browser based matching application that helps teachers of CMD create well-balanced project teams based on skills of students.

Golden Dot Awards 2021 Nominee

A Cyberpunk 2077 inspired "hacking simulator" I made in vanilla Javascript for a programming assignment during my first year as a CMD student.

Recognition for designs by OWL team

Created Twitter headers in celebration of the new Overwatch League expansion team Hangzhou Spark, which got retweeted and used by their roster.
